## Description

# Community Garden Group

The Yellowbird Community Garden is a group of people with a passion for gardening and community spirit. We value connections with people and a shared love of gardening, regardless of skill level.

If this sounds like you, please join us! Here's a quick overview:

**Our garden is a community effort, made possible by the contributions of volunteers. You will be one of these.** In addition to having your own plot, you'll be joining a group of enthusiastic garden lovers and helping to maintain our space as a place for everyone to enjoy. This will mean contributing in some way to the garden as a whole beyond your own plot.

**There is a fee to rent a plot each year.**

- \$25 for a 4'x4 plot
- \$35 for a 4'x8 plot

**A Yellowbird community league membership is required.** This membership must be renewed each year, and the proceeds support the league, which in turn subsidizes the garden. Memberships can be purchased online at <https://efcl.org/membership-purchase/>, or by contacting [memberships@yellowbirdcl.com](mailto:memberships@yellowbirdcl.com). If you live outside of Yellowbird but hold a membership in another league, you can contact [memberships@yellowbirdcl.com](mailto:memberships@yellowbirdcl.com) and ask for an associate Yellowbird membership at a reduced rate
